The Hiring Manager

Shell Petroleum Development Company

Freeman House, 21/22 Marina, Lagos

Dear Hiring Manager,

I am writing to express my interest in the Production Engineer role advertised on your careers portal. Over the past decade I have planned and supervised equipment maintenance across several active drilling sites, with a consistent focus on safety and uptime.

My experience spans field operations analysis, maintenance planning and cross-functional reporting to senior management, and I hold an HSE Level 3 certification.

I would welcome the opportunity to bring this experience to your operations team.

Yours faithfully,

David Olusoga Emmanuel
